WOMEN'S SUPPORT GROUPS

*** We are offering a two-part series of 2-day workshops to provide women with the necessary skills to set up, run, and enhance support groups.

*** These workshops will be participatory - using your resources and experiences, as well as those of the group facilitators.

*** Our aim is that what you learn will be directly applicable to where you are working.

*** We envisage that participants will gain in confidence, as well as in knowledge and skills in the practical and theoretical aspects of group work and personal communication.
