PARTY IS READY TO GIVE FULL ACCOUNT OF AIMS, ACTIVITY

FASCIST trends in Victoria will be exposed by the Communist Party during the Royal Commission inquiry, the State Executive of the Party said this week.

The Communist Party has done a great deal of research into subversion of law and order by would-be fascists in Victoria, and the indoctrination of school children with fascists ideas and anti-Semitic and anti-Soviet views.

Moreover, public, the State Executive of the Party, said this week:

"The Communist Party was at the door of the School Board and the Royal Commission, and we will do all in our power to bring in a government which will have no sympathy with Fascism."

It is true that the Royal Commission is one of the surest means of securing the protection of the working class. The Royal Commission is a forum for the working class to express its will and demand an equal share of the benefits of a democratic society.

The party is ready to give full account of its aims and activities, and to support the Royal Commission with all its resources.

Hidden Microphone at Communist Meeting

SYDNEY—Using American-style frame-up methods, police last week planted an armed undercover agent in Communist Party Senate candidate Adam O'Gorman's meeting at Hurstville and rigged a concealed microphone to record every word of the proceedings.

A witness for the prosecution, Mr. D. J. Walsh, said the aim of the police was to record the proceedings of the meeting, which was taking place in a public place.

In the meantime, the Communist Party was organizing a series of meetings to expose the Fascists in Victoria and to expose the Fascists in the Royal Commission.

The party is ready to give full account of its aims and activities, and to support the Royal Commission with all its resources.
