

**AUDREY BLAKE TO ADDRESS  
COLONIAL YOUTH DAY RALLY**

# Youth Leader To Speak On Asia Struggle

**FRESH** from her meeting with the youth of 60 different lands in Budapest, Mrs. Audrey Blake, leader of the Australian delegation to the World Youth Congress, will make her first public appearance at the Melbourne Colonial Youth Day rally in the Assembly Hall, Collins St., next Monday night.

Mrs. Blake has some first hand stories to tell of the Indian, Malayan and Chinese friends she made at Budapest.

She says these young Asians have now returned to their homelands, to help their people along the road to national independence and peace.

Mrs. Blake is the national secretary of the Eureka Youth League. The EYL is one of the Australian youth groups affiliated to the World Federation of Democratic Youth.

For one month of her stay in Europe she was the guest of the Rumanian Youth Organisation.

**MRS. BLAKE** while she toured their country lecturing in the cause of peace and world youth unity.

"Everywhere I went people asked me about our aborigines," Mrs. Blake reported in her letters home.

"Europeans seemed surprised that we had not wiped out the color bar in Australia."

Colonial Youth Day is a world event, inspired by the WDFY to focus public attention on the conditions imposed on the youth of subject countries by the imperialist nations.

With Mrs. Blake on the Assembly Hall platform on February 20 will be Dr. Thomas Kaiser, brilliant young scientist just returned from England, and the Rev. Gwyn Miller, who will speak of the Christian approach to the colonies.

On February 21, at a special reception for Mrs. Blake in the EYL clubrooms, between 6 and 8 p.m., films of Malaya, Africa, China and the Australian aborigines will be screened.

This function is also open to the public. The club-rooms are at 104 Queensberry Street, North Melbourne.

Mrs. Blake will be in Melbourne for one week only. She will speak to a number of factory workers at lunch-time meetings.
